

# GN 666-NG

Tubular handles

INOX  
Stainless Steel

## technical informations

### Tube

AISI 304 stainless steel NG, ground matte shiny finish.  
Highly resistant to wear, scratches and chemical agents.

### Handle shanks and side end caps

Glass-fibre reinforced polyamide based (PA) technopolymer, black colour, matte finish, temperature resistant up to 100° C.

### Assembly

Back mounting, zinc-plated steel threaded bushings.

### Features and applications

GN 666-NG tubular handles offer an even more extensive size range for any application which require mounting from the back.

*Other executions available on request (For sufficient quantities)*

Different lengths.
