

GN 710

Dust caps for angled ball joints DIN 71802

technical informations

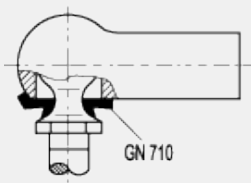

Material

Black rubber CR (NEOPRENE) body, resistant to temperatures up to +110°C.

Applications

GN 710 dust caps prevent the entrance of dirt into angled ball joints [DIN 71802](#). They are supplied separately. On request we can supply them already assembled onto DIN 71802 angled ball joints.

Application example

Standard Elements	Main dimensions					Weight
	D	d ₁	L	l ₁	DIN 71802
