

# GN 950.6-F

Spoked handwheels with fixed handle

INOX  
Stainless Steel

## technical informations

### Material

AISI 316 LHC stainless steel.

- acid resistant.
- hub machined.
- rim turned and polished.
- unmachined surface matt shot-blasted.

### Assembly

- Version B: H9 reamed hole.
  - Version K: H9 reamed hole and keyway in compliance with [DIN 6885/1 P9 tolerance](#).
- For fixing GN 950.6 on shafts by a grub screw see [Technical Data](#).

### Fixed Handle

Type DIN 39-A4 turned and mirror-polished stainless steel.

*Accessories on request*

Axial retaining washer type [GN 184.5](#).

*Features and applications*

The dimensions of the spoked handwheels with fixed handle GN 950.6 comply extensively with spoked handwheels DIN 950.
