

Technical drawing of a mechanical assembly, likely a sensor or actuator, showing dimensions and components.

Overall Dimensions:

- Total length: $206,0 \pm 2 \text{ mm}$
- Section 1 (Left): $19,0 \text{ mm}$
- Section 2 (Left): $65,0 \text{ mm}$
- Section 3 (Right): $103,0 \text{ mm}$
- Section 4 (Right): $19,0 \text{ mm}$

Component Details:

- Left End:** Features a spherical joint labeled "Kugel- $\varnothing 10$ ". Below it is a mounting bracket with an "M8" thread and "SW13" hex key size. The bracket height is $24,2 \text{ mm}$, and the mounting hole offset is 13 mm .
- Central Shaft:** A long shaft with a diameter of $\varnothing 8$.
- Right End:** Symmetrical to the left end, featuring a spherical joint labeled "Kugel- $\varnothing 10$ " and a mounting bracket with "M8" thread and "SW13" hex key size. The bracket height is $24,2 \text{ mm}$, and the mounting hole offset is 13 mm .
- Internal Feature:** A central cylindrical component with a diameter of $\varnothing 18^{+1}_{-0,2}$.

in	146,0 mm
out	206,0 mm
MP	5,0 mm
MH	60,0 mm
